

Energy Transition Breakfast

On Monday 9 October 2023, the Victorian Government in collaboration with Ashurst and the Australia-Japan Business Co-operation Committee are organising an exclusive Energy Transition Breakfast with key members of the Japanese and Australian energy community.

Mr Adam Cunneen, Victorian Government Trade and Investment Commissioner to North Asia will be the Master of Ceremonies for the event, and Ms Danni Jarrett, CEO of Invest Victoria and Global Victoria, will welcome guests and provide opening remarks.

The audience will hear from senior Victorian Government leaders in relation to:

- The State's current policy and initiatives relating to the renewable energy sector in Victoria
- The State Electricity Commission's status, objectives, challenges and partnering opportunities, and
- The role of international collaboration to assist energy transition between Australia and Japan.

An industry panel of senior Japanese and Australian energy industry stakeholders will share their experiences and strategies in identifying the opportunities navigating the challenges of transitioning to a net zero emissions.

Please let us know if you are interested in joining us for the Energy Transition Breakfast by completing the form [here](#).
