

## **Harnessing your data to leverage the power of AI and data across cloud**

**Exclusive Luncheon 12.00 – 1.30 pm 8 October, 2023**  
**Centrepiece Conference Centre**

In the margin of our 60<sup>th</sup> Annual Joint Business Conference, the AJBCC, through the sponsorship of Fujitsu, is delighted to make available

*Harnessing your data to leverage the power of AI and data across cloud*

an exclusive luncheon providing insights into how Fujitsu Hybrid Cloud capabilities work to modernise and innovate cloud strategy.

In the highly competitive landscape of today's business world, organizations must strategically enhance their investment in Hybrid Cloud infrastructure to maintain their relevance in meeting market demands and securing a competitive edge. This luncheon roundtable will provide insights into a resilient IT infrastructure that is agile, scalable and secure.

Hear from a top expert on how core technologies and a strong partner ecosystem can help to realize a global society where people, goods, and things are securely and sustainably connected in a way that solves social problems and creates new value.
